

Prerequisites - IBM Cloud Services

TEAM ID	PNT2022TMID27900
PROJECT NAME	IoT Smart Protection System

The screenshot displays the IBM Cloud console interface. At the top, there's a navigation bar with a search bar and user account information (KAVITHA V's Account). The main content area is titled 'For you' and features a grid of quick-start guides. The first guide is 'Build', which is highlighted in blue. Other guides include 'Set up your IBM Cloud account', 'IBM Watson Knowledge Catalog', 'Create an OpenShift cluster', 'Build a Virtual Private Cloud (VPC)', and 'Get started'. Each guide has a 'Getting started' button and a duration (e.g., 10 min, 2 min, 20 min, 7 min). Below the 'For you' section, there are three more panels: 'User access' with a 'Manage users' link, 'News' with a 'View all' link, and 'Planned maintenance' with a 'View all' link. The 'News' panel contains three items: 'Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS', 'TrustRadius Best Software: Five IBM Offerings to Make the List', and 'Announcing IBM Cloud Pak for Network Automation Version 2.4'. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 02:07 PM on 07-11-2022.
